- MDB Interface 2.0
- MDB Connect
- Data Communicator
- Cup warmer
- Accessory drawer
- Fresh Water Kit X-Line/drip drain set
- Fresh water kit
- Bean container extension

The X4 offers incomparable coffee enjoyment. It grinds the coffee beans with the Professional Aroma Grinder (P.A.G.2) and combines three innovative JURA brewing processes. With the One-Touch Lungo function, it prepares aromatic americanos and lungos with their characteristic notes to perfection. The popular café crème benefits from 3D brewing technology, while espressi boast a strong yet balanced taste thanks to the Pulse Extraction process (P.E.P.®). The X4 is based on a user-centric concept and offers stylish functionality. The free Pocket Pilot 3.0 software from JURA provides the option of contactless payment and comes with a user-friendly billing and administration system. It also impresses with ergonomically designed components, as well as a lockable bean container and water tank. The X4 offers coffee aficionados simple, intuitive operation and, most importantly, outstanding coffee indulgence. It is ideal for caterers, self-service areas and open-plan offices where about 100 cups are prepared per day.

X4

Technical overview

Specific advantages

Number of specialities	13
Intelligent preheating	■

JURA coffee machine standards

Grinder	P.A.G.2
Pulse Extraction Process (P.E.P.®)	■
Lungo function	■
3D brewing technology	■
Variable brewing unit	5 – 16 g
